

Revolution in experience

FRWD

The first sports experience simulator

REPLAYER

in the world!

VIRTUAL MODE

FRWD

ELEVATE YOUR SPORTS ADDICTION TO VIRTUAL REALITY

RELIVE THE AFTERMATH OF YOUR PERFORMANCE AS REAL AS YOU CAN!

Before it was possible only in PC games but now it is very true for you. Replay to relive your performance in 3D virtual reality.

FRWD Replayer Virtual Mode is the new extraordinary feature to relive your performance in 3D virtual reality. 3D landscape is simulated by the data recorded with the **FRWD** Sports Performance Recorder. 3D animation of the **FRWD** Virtual Mode follows the best standards of PC games. You can choose between different characters, "camera angles" and landscapes and dramatize your reliving of the ultimate 3D virtual experience with sounds and music .

FRWD Replayer Virtual Mode Features:

- max. 5 performances for simultaneously comparison
- 10 different characters chosen by sport
- different landscapes
- music and sounds
- exertion changes the shapes, sounds and colours of the character
- changing angles of the view; above, aerial, rear, wide range or chosen by route marks
- heart rate and speed shown in numbers
- variations of replay speed: 1x, 2x, pause, -1x, -2x
- climate and seasons selector

System requirements:

- Pentium III/700MHz or better
- 128MB RAM
- DirectX 8.1 compatible videocard (fast videocard recommended).

» First you record your performance with **FRWD Sport Performance Recorder**. Then the **FRWD Replayer Virtual Mode** will simulate the data into 3D virtual reality. After that begins your second journey like you never seen before. You will relive your performance all over again.

FRWD Replayer Virtual Mode will be sold as a separate feature for FRWD Replayer PC Software. Completely integrated FRWD Virtual Mode is the 4th mode of the FRWD Replayer in addition to the three basic modes Replay, Analyze and Race.

FRWD Replayer Virtual Mode is available in FRWD Web-Store fall 2004.
